

## **West My Friend – Tech Rider**

West My Friend is a vocals-focused folk duo, in which the two acoustic instruments should all be mixed at an equal level. Dynamic contrast is an important part of their performance and a consistent mix is important to them; please do not ride levels either in their monitors or the mains.

On smaller stages, please mix the mains first before proceeding to monitor mixes. Two monitor mixes are ideal, but on smaller stages one may be perfectly sufficient.

### **Eden (guitar, vocals, flute)**

Stands centre right.

Brings DI for guitar, has boost pedal with adjustable volume for finger-picking. Vocal mic on boom stand, doubles as flute mic.

### **Jeff (accordion, vocals, piano)**

Stands centre left.

Brings DI for accordion, uses AC power. Can be run as stereo if desired. Vocal mic on boom stand.

When available, please provide a grand piano (recently tuned) with a bench or seat, an additional vocal microphone on a boom stand, and an additional monitor. An upright piano is also acceptable, the larger the better.

## **Input List**

Channel 1: Eden Poynter vocals (Shure SM58 preferred)

Channel 2: Jeff Poynter vocals (Shure SM58 preferred)

Channel 3: Acoustic guitar (will bring LR Baggs Venue DI)

Channel 4: Accordion (will bring DI, uses AC).

Channel 5: Optional acoustic piano

Channel 6: Optional second Jeff Poynter vocals (Shure SM58 preferred)
